## The aggressive promotion of 2SLGBTQ+ ideology to faith institutions

- Rate the “inclusivity” of institutions toward approving gay marriage, the ordination of LGBTQ clergy, PRIDE participation, trans-rights, gender-affirming care, etc
- Revoke charitable status of religious organizations
- Confiscate the assets of organizations that have lost charitable status
- Replace ALL RELIGION with government edicts

Dr. John Redekop, former Professor of Political Science at Wilfrid Laurier University and Trinity Western University, former President of the Evangelical Fellowship of Canada said about me.

“I am pleased to say that I consider Barry Neufeld one of the most courageous, most bold, and most determined crusader for freedom and decency I have ever known.

He is willing to stand up for high standards, civility, and basic moral values in a manner that almost no one else is willing to do. He is a giant in the campaign for common sense and decency. He deserves the highest honour that BC and Canada can give a civilian.

He does not deserve to be pilloried in the media and hauled into court by people who disagree with him. Barry Neufeld is a champion in the defense of children.”

## 26 YEARS A SCHOOL TRUSTEE

When I learned that a new learning resource SOGI 1•2•3 had been surreptitiously implemented in public schools in the summer of 2017, I began to request that it be reviewed and revised, as it was based on the unscientific presuppositions of gender ideology.
