

COALITION OF CONCERNED CANADIANS

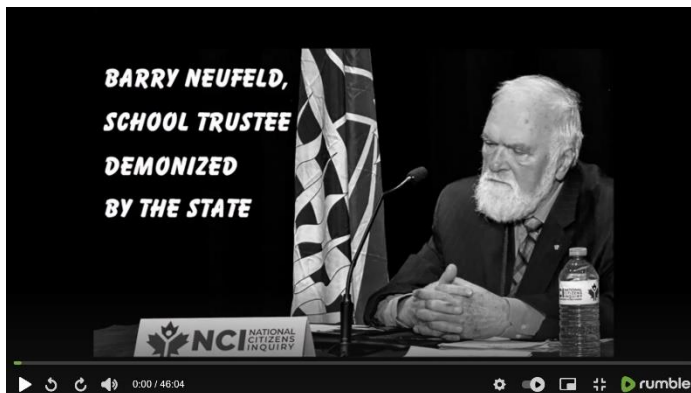

Newsletter 41

Nov. 11, 2024

Hello friends and supporters:

The BCHRT complaint about me was supposed to shut me up! But it didn't work. Despite tabling a 600+ page binder of screenshots and transcripts of my interviews over the last 6 years, I have made more comments and given more interviews in the past 3 months than in the past 6 years.

First of all, my fundraiser at Riverside Calvary Chapel in Langley was a great success. It came after a long day where I was a witness at the National Citizen's Inquiry on the Safety of children in Canada. Jack Hummell created a documentary and included most of my testimony at the NCI hearings Oct. 18, 2024.

I recently got off StreamYard where Odessa Orlewicz interviewed me for her podcast. She kept emphasizing how important my BCHRT case was and also asked me about the purple haired Carin Bondar. [Odessa posted her interview Here](#)

I invited her audience to my three fundraisers coming up:

BARRY NEUFELD FUNDRAISER

SUPPORT THOSE WHO PROTECT OUR CHILDREN

Barry Neufeld is a Chilliwack school board veteran whose career spanned 27 years. He was committed to protecting parental rights that oppose woke agendas like SOGI 123 and the LGBT movements that would see children negatively impacted by puberty blocking drugs and harmful surgeries.

Barry is now facing the battle for his financial life as he is being taken to court by those who want to continue pushing these harmful agendas. Barry has the best lawyers, but needs your financial support!

Odessa said she would come to my event in
Vancouver at the Shamshiri Caveman
Restaurant.

Kasari Govender, the BC Human Rights Commissioner, is becoming the most dangerous and powerful person in BC.

- Premier David Eby is a lame duck due to his razor thin majority and embarrassing ties to the Chinese Communist Party.
- Medical Health Officer Dr. Bonnie Henry is under fire for her blatant persecution of the churches. She seemed to think that the presence of a Holy Bible at any meeting was a factor that would contribute to causing the spread of communicable diseases like COVID-19. Hence, she allowed bars, casinos, AA meetings and even strip clubs to meet, but she prohibited any and all Church activities.

But if I am convicted by the Tribunal, Ms. Govender hopes to be able to remove from office any elected politician who does not comply with her definition of **hate speech: any dissent or criticism of the controversial gender ideology being taught in schools.**

At my July 4 hearing in front of the BCHRT, Ms. Govender succeeded in obtaining the power for British Columbia to be the first province in Canada with the ability to police the internet. In the past, only the Federal Canadian government could do that.

As an adult probation officer, like Meghan Murphy, I often dealt with abused women who needed a restraining order from their violent partners and needed to flee to a women's transition house for their physical safety. But in 1996, I transferred to the new youth probation offices, and I was not aware of the male encroachment on women's spaces that began about 2012. Meghan

Murphy has been speaking out about this injustice for years. I was honored that she interviewed me. [CLICK HERE for the interview](#)

She wrote a blistering article about my struggles here:

<https://www.spiked-online.com/2024/10/13/canadas-woke-stasi/>

I will forgive her for her ageist

remark:

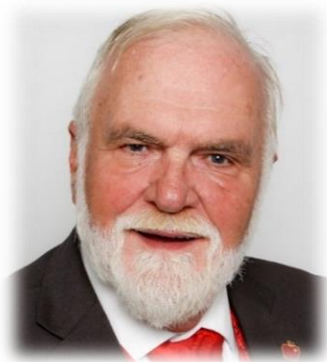

*"He is certainly not a danger to teachers and students alike. He is, frankly, what many of us are likely to become, having reached the age of no f***s given."*

When I discovered that gender ideology being propagated in our colleges and universities was ambitiously being rolled out in K-12 education in 2017, I immediately saw the red flags and dangers and could not help but speak out.

My lawyer, James Kitchen hit the ground running at the end of September. He put a LOT of time and effort into his application for an adjournment, as the BCHRT was to begin Oct 21, and he needed more time to prepare for it. And I needed more time to fundraise for his estimated \$60,000 bill. He succeeded in postponing the hearing to Nov. 25, much to the BC Teacher's Federation's dismay!

Mr. Kitchen attributed the second victory to prayer: the transgender witness against me has backed out at the last minute because they are "too sick!" It must be a very serious illness to incapacitate the person all the way from Nov. 25- Dec. 6! Please pray for theybe.

I hope you can join me at one of my fundraisers in the next two weeks. I need partners to join me in my battle to protect children from an evil and destructive ideology.
