Newsletter 42

Dec. 26, 2024

Hello friends and supporters:

I want to express my gratitude to my faithful witnesses Darrell, Rob and Silvia who spoke on my behalf in the BC Human Rights Tribunal which went on for ten days from Nov 25 to December 6. I am so sorry the Tribunal refused to hear from Kellie, Faith and Scotty. It is not finished yet, and since I am currently “on the stand” I can’t say much other than it went well. The hearing was entirely online. The first week, the witnesses for the teachers spoke. They were first questioned by the Union lawyers, and then my lawyer, Mr. Kitchen cross examined them. The second week, my witnesses were directly questioned by Mr. Kitchen, and then were cross examined by the union lawyers. I began to give my testimony on Friday, but Mr. Kitchen wasn’t finished with me when we ran out of time. The hearing will commence again on Feb 24, 2025. Members of the public can listen in, but they can’t see what is happening.

At my fundraiser Nov 15, we enjoyed the music of Corey Primus and Major Tom Buchenauer as well as some interesting speakers: Marc Vella, Lynda Di Armani and Pastor Jim Butler. I met a new friend Teresa Fazio, a feisty little Italian woman, who organized a convoy from Chilliwack to the Tribunal building at the corner of Robson and Seymour in Vancouver, where they protested for several hours on Nov. 25.

The Nov 22 fundraiser at Menno’s SpeakEasy was a lot of fun, and the weather was perfect. People from many different backgrounds came out to support me. I hope we can

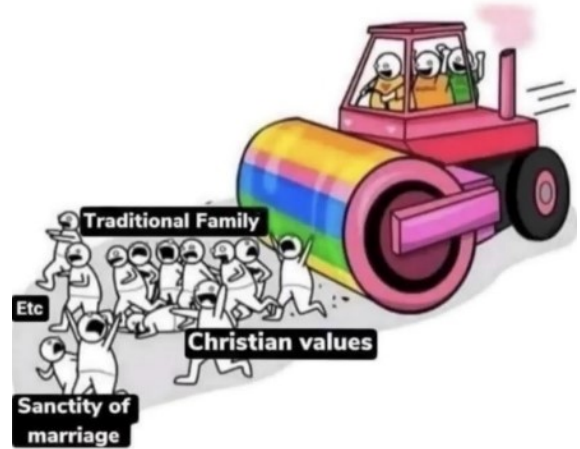

have another one like this in the Spring. Thanx to the speakers: Chris, Menno, Pierre, Byrony, Harm, and Amrit. Santa's brother from the West Pole showed up!

We had another fundraiser outdoors on Dec 7, after the tribunal was adjourned. It was great to be joined by Dr. Mel Bruchet. The sky was pouring rain, and not too many people turned up, but the encouraging news was that we took in several hundred dollars, and there was very little opposition, only one older man who must have spent all morning in the bar! My enemies are getting weary!

While there is a growing awareness of my BC Human Rights Tribunal, we have only raised about half of the funds needed to keep Mr. Kitchen

retained. People have been asking me why I don't just give up and let it all go? At the age of 77, I should take life easy. I do it to protect vulnerable children, and also to preserve women's private spaces. Mayor McQuaker of Emo, Ontario recently made the news when he was fined \$5,000 for not bowing to the idol of the 2SLGBTQ++ mob. In my case, they are going after \$50,000! They rally around this mocking meme of the rainbow steamroller crushing Christian values, Traditional Family and the Sanctity of Marriage →

This is the most determined and lethal attack on Christians and people of faith that I have ever seen in my life! They will succeed unless someone stands up to them. They are turning children against their parents, and wreaking havoc in nuclear families and extended families. I firmly believe that the Lord has chosen me to lead the defense against this evil ideology which has invaded our schools. I took three years off the Board of Education to study Biblical Theology, with the hope that I could become a Prison Chaplain. When that door didn't open, I returned to the Board of Education in 2011, determined to bring a Christian perspective to Public Education Policy. When I first heard about SOGI 1•2•3, I immediately recognized it as a pagan gnostic cult: elevating people's inner selves to become their own god and creator. Public Education is supposed to be "secular," but as Jonathan Cahn reminds us, a society cannot remain secular for long: other dark spirits will move in to fill the spiritual vacuum when the Biblical God is forced out. The ancient gods of antiquity were Baal, Moloch and Ishtar a.k.a. Asherah. Worshipping in their temples involved child

sacrifice, as well as having sex with the temple “priestesses” who were male eunuchs dressed as women. I believe these gods are replacing the Biblical God and their revival is evident in Gender Ideology.

Some Christians can’t believe that Gender Ideology is relevant to anyone but a few radical activists. But it is being used as a lever to change the direction of our society and our history and rid all society of religious morals, values and beliefs. (I say religious, because the three Abrahamic faiths and Sikhism all believe that God created humans male and female.) So ***“God created man in his own image, in the image of God created he him; male and female created he them.”*** Genesis 1: 27

Ever since the Canadian Parliament passed Bill C-16 in 2016, it has become a hate crime to refuse to use a person’s preferred gender pronouns. Federal, Provincial and all local School Human Rights Codes of Conduct now compel us to use a person’s preferred pronouns. This forces everyone, even young children to bear false witness. ***“Thou shalt not bear false witness against thy neighbour.”*** Exodus 20: 16. Our corrupt court system sent a Christian father to jail, because he refused to obey the judge and lie that his daughter was now a boy after a few injections of hormones. LGBTQ+ activists realize they can’t convince adults to change their moral values and attitudes, so they are determined to recruit school children to join the revolution and turn against their parents. And they are particularly focused on corrupting children who come from religious homes with traditional family values. They are encouraging and facilitating students to rebel against their parents by promising to keep secrets from their “hateful, bigoted and dangerous Parents.” Even children who suffer no form of gender confusion are being taught that their parents are bad if they maintain traditional values of marriage and family. ***“Honour thy father and thy mother: that thy days may be long upon the land which the Lord thy God giveth thee.”*** Exodus 20: 12. Children who transition may NOT “be long upon the land,” because they are 12 times more likely to commit suicide after full medical transition. And they will be the last of their family tree, because they cannot obey this command in Genesis 1: 28: ***“God said unto them, Be fruitful, and multiply, and replenish the earth.”***

The Queer witnesses at my Tribunal all said very sincerely and emphatically that they KNOW there are more than two genders, and that Barry Neufeld was guilty of hate because he didn’t agree with them. To them: it was a sacred belief, a dogma of their cult, just as I believe in Jesus’ Virgin birth and His resurrection. I would never force my beliefs on them, but they are determined to make EVERYONE believe in their new religion. Teachers can believe whatever they want, but they must NOT teach it to impressionable children as fact!

Before I retained Mr. Kitchen, three other law firms studied all the Tribunal files and predicted that the Tribunal will surely find me guilty of hate speech because Section 7 of the BC Human rights Code casts such a wide net: all you have to do is hurt someone’s feelings! You can read Section 7 here:

https://www.bclaws.gov.bc.ca/civix/document/id/complete/statreg/00_96210_01#section7

Section 7 of the Code is so egregious that Rebel News have set up a petition to Repeal this tyrannical law: <https://RepealSection7.com>

The Chilliwack Teacher's Association are no longer accusing me of employment discrimination: that I have created a dangerous work environment. They have amended their complaint to accuse me of uttering "hate speech" under Section 7 of the BC Human Rights Code. They have spent something like half a million dollars of union funds building their case against me. The Tribunal itself as well as the office of Kasari Govender, the BC Human Rights Commissioner have spent a significant amount of **TAXPAYER'S MONEY** on lawyers and research to try to destroy me. Human Rights Tribunals tend to approve every complaint that comes to them with a so-called progressive bent. That is why they have a reputation of being "kangaroo courts."

So, Mr. Kitchen thinks we will probably have to go to the "next step" and apply for a Judicial Review at the BC Supreme Court. The Tribunal is so confident that they will find me guilty that they have recklessly made several errors in law and procedure. Yes, it will be a long process, with more fundraising, but I believe it is the only way forward.

Recently, I have had confirmation of the spiritual nature of my struggle against these dark forces. It has been years since I have received any threatening or insulting messages from my enemies regarding my principled stand. They are hoping that I will just go away or die and everyone will forget about me. The new pushback has come from my former supporters who are trying to discourage me: They think I need to demonstrate Christian grace, by backing off and not making so-called inflammatory statements. I should show love and politeness by using people's preferred pronouns. They think I don't know how to instruct my lawyer, etc. I should stop drawing attention to myself, and just admit defeat. But I believe it is unethical to tell a lie in the name of love. The 4th Century Church Father St. John Chrysostom once said:

"Do not accept any false belief in the name of Love."

Rather, I will ***"Speak the Truth in Love."*** And I will NOT accept the fiction of Queer Ideology, and I will NOT bear false witness. And I will not contribute to a child stumbling! ***"If anyone causes one of these little ones—those who believe in me—to stumble, it would be better for them to have a large millstone hung around their neck and to be drowned in the depths of the sea."*** Matthew 18:6 NIV
