

COALITION OF CONCERNED CANADIANS

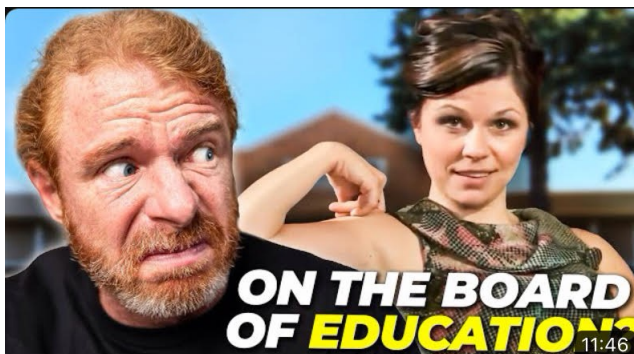

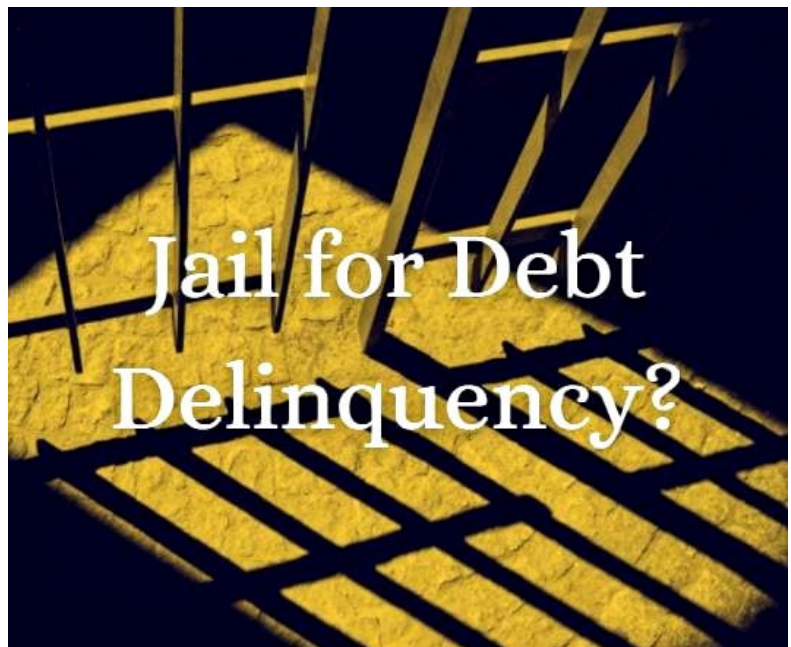

Newsletter 48 Nov 21, 2025

Hello friends and supporters:

I am off to jail!

It was eight years ago that I publicly criticized gender ideology by stating that “**transitioning children was child abuse.**” Since I was a publicly elected School Trustee, for the next five years, all the media, union and political leaders slandered me and called for my resignation. But I was determined to protect children from confusion, sexualization and mutilation, so I refused to resign. My enemies have tried several ways of silencing me with Lawfare.

In 2017, the CUPE union (School Support workers) laid a Human Rights complaint against me and my board of education that we were creating a toxic work environment. The Teacher’s Union laid a similar complaint a few months later.

Then four years ago, one trustee resigned because he was elected to the provincial (state) legislature which triggered a by-election. Carin Bondar, a high profile “**biologist with a twist**” was elected. She had made a name and a big fortune for herself with a website called “Wild Sex” where she spiced up science lessons on animal sex with vulgar depictions of penises, fellatio, orgasms, group sex, gay sex and even golden showers (the fetish of urinating on a person.) American comedian JP Sears mocked her on his podcast here:

She has millions of followers on her steamy website:

Miley Cyrus had made a music video “**Wrecking Ball**” where she sat nude on a swinging wrecking ball. But Ms. Cyrus was publicly criticized for setting a **bad example** for young girls who had been following her from the time she acted as Hannah Montana in a teen sitcom. Carin Bondar copied this idea and made a similar video, **swinging nude on a wrecking ball** and other vulgar displays, but restrained enough to be publicly broadcast on YouTube. Her message was that she was like a wrecking ball, smashing down the walls of ignorance created by those who believed in divine creation and intelligent design. <https://youtu.be/dx-Sy5M3bME?si=i0qmFqjceHowphoT>

In my opinion and many others Dr. Bondar is unsuitable to be a K-12 School Trustee, responsible for setting policies for, and influencing impressionable young children. **What is even more concerning is that she now has a teaching position in Hope Secondary, and has gotten into trouble for making a vulgar video in her classroom!** <https://rumble.com/v6q6fe8-sd33-trustee-bondar-saluting-from-her-classroom.html>

The CUPE union offered to settle their complaint with the school board. A private, in camera meeting was convened in 2021 to discuss the offer. I insisted on participating in this meeting, despite objections by the other trustees. The board agreed to apologize for my behavior and donate several thousand dollars to an 2SLGBTQ+ Charity. Trustee Bondar broke her vow of confidentiality and told her boyfriend Peter Lang about this meeting. He applied to a Supreme Court Judge to remove me from my elected position, accusing me of a fiduciary conflict of interest. I won that case, and Mr. Lang was ordered to pay me damages of ~\$10,000. He and his girlfriend Carin Bondar were very upset, and **I am sure they were looking for revenge.**

When I was interviewed on a public Action4Canada podcast, I made a remark that: “*We were surprised that Richard Procee, a respected businessman lost the school board by election to that strip tease artist.*” I had no malice in saying this, and I never mentioned her name: I was just stating what I thought was a fact.

Three years ago there was a general election for the school board, and both Carin Bondar and I were candidates. A week before the election, Bondar publicly announced that she was suing me for defamation for referring to her as a “Strip Tease Artist.” She claimed she was standing up for women’s rights.

She got the sympathy vote and topped the polls for the Chilliwack Board of Education. Because she portrayed me as a prudish, moralistic, misogynistic bigot, I lost the election after faithfully serving on the Board of Education for 27 years.

The lawsuit went to court, and the judge (a member of the LGBTQ Community) ruled in favor of Bondar’s trivial complaint. I raised money for an appeal, but I lost again in the appeal court. The corrupt judges refused to consider Professor Bondar’s history of creating lewd videos. For the past year, Bondar’s lawyer has been trying to summon me to a hearing to force me to pay \$35,000 General Damages, \$10,000 punitive damages plus \$8,703.75 of her expenses to try and serve me.

She is demanding that I pay a total of \$53,703.75. I have no way of paying this. I live on a fixed income pension, and I have a small savings account to pay back income taxes.

Since my troubles began eight years ago I have endured threats of death and violence, so I do not answer the door if I do not recognize the caller. Strangers would leave a note that they had a “delivery” for me, but since I never ordered anything from “Dye and Durham” I never called them, as I assumed it might be a scam.

Bondar’s lawyer persuaded a judge to issue a warrant because she could not manage to personally serve me a summons. **So the Judge made an order for me to spend time in Ford Mountain Correctional Center** because I was so uncooperative.

After faithfully serving the cause of public education for over a quarter of a century, activists like Bondar are determined to ruin me financially. But my only motivation has always been to **protect children from sexualization and irreversible damage to their bodies**. I believe educators should prioritize academic excellence, not ideological indoctrination.

Recently, public school libraries have been flooded with vulgar explicit books intended to completely eliminate children’s innocence. Trustee Bondar enthusiastically promotes this toxic sludge. And she **endorses the most egregious medical fad of the past century: gender affirmation therapy!**

Will you join me in trying to make a brighter future for our children and grandchildren?

Sincerely,

PS: I just found out that the BC Human Rights Tribunal will not make a decision about my “hate speech” trial until the end of January 2026.

That is EIGHT years since the complaint was filed!
